

Control Union Japan has a job vacancy for one person, taking immediate effect. The vacancy concerns the following position:

Operational Manager Control Union Japan

Location: Tokyo, Japan

Our company:

Control Union Japan (CUJ) is based in Tokyo, CUJ is an internationally operating inspection, auditing and certification organization. www.controlunion.com <http://www.controlunion.jp>

The position:

The Operational Manager has the responsibility to manage the total operation of CUJ and to integrate the inspections department. You are one of the main contacts for our clients, external relations and in case of problems during the inspections and/or audits. You will also be responsible for the implementation of our management manual that contains points on IT, safety, compliance, etc. You will help to further develop the business and to visit potential clients. You will have the freedom to develop and grow the organization within the rough guidelines that will be given. You will be reporting to the local and regional management team.

Your profile:

- You have good education level and understanding of business in general.
- Agri, forestry or aquaculture background is a plus.
- You are a good communicator.
- You have interest in working with other people and in an international environment.
- You are willing to travel.
- You are persistent and resolute, yet have a client-friendly attitude.
- You have a good knowledge of written and spoken English and Japanese.
- You are flexible, responsible and an honest personality.
- You can work under pressure and with targets.
- You have experience with managing a team of 15-20 persons.

It is also needed that you are neutral in discussion between departments or other offices and are able to build bridges between people. You are expected to deal and work with people from very different cultures all around the world. You need to have a creative and hands-on personality that is prepared to do whatever is needed to make the inspection and certification department according to clients / CUJ expectations.

We offer:

- A varied and independent position within a dynamic and growing organization.
- Good primary terms of employment.
- Your salary will be determined according to your level of experience and expertise.

Your job application:

If you are interested and you wish to apply for this position, please send your letter of application and Curriculum Vitae to Manami Yamaguchi per email to manami@controlunion.jp.
